

SCHOOLHELP

Automated IT Helpdesk

Student, Teacher & IT Staff Support Portal

From issue reporting to resolution
A seamless and automated support experience

1. Awareness

Users learn about the new automated helpdesk system.

- Notice board / email circular
- School web browser or mobile device
- Announcements from teachers or IT staff
- Digital signage

2. Access & Login

Users access the portal via web or mobile and log in to the MERN portal.

- Visit support portal
- Login with credentials
- Click "Create Ticket"

3. Create Ticket

Users enter a short description and submit the ticket.

- Fill in text fields (e.g., Wi-Fi issue)
- Submit ticket
- Receive instant confirmation popup

4. AI Classification

System parses keywords, categorizes the request and routes it automatically.

- Keyword analysis
- Auto categorization
- Route to respective IT technician

5. Resolution

Technician works on the issue and updates the status.

- View notification dashboard
- Fix the issue
- Update ticket status to 'Resolved'

6. Completion

Users receive updates, provide feedback and close the ticket.

- Email notification
- Provide feedback / rating
- View status in MERN dashboard
- Communicate with technician (if needed)

Key Goals & Motivations

Get help quickly
Avoid waiting

Report issue easily
with minimum effort

Accurate categorization
& instant routing

Fast resolution
& clear updates

Resume teaching/
learning

Positive Moments

Easy access &
clear information

Instant confirmation
popup

Correct routing
(94.2% accuracy)

Fast turnaround time
& notifications

Satisfaction &
feedback option

Pain Points

Confusion between
old email requests
and new portal links

Vague descriptions
from users

Ambiguous keywords
causing routing confusion

No immediate
confirmation during
delays

Lack of technical details
in requests

Areas of Improvement

Onboarding guides &
quick-start links

Real-time suggestions
& auto-complete

Retrain keyword model
& add NLP

SMS/WhatsApp alerts
for critical issues

Clear digital signage
& quick awareness
